## What is Weatherization?

The Weatherization Assistance Program is a free energy-efficiency program that helps individuals and households manage energy consumption and utility costs. The program available to households on the island of Oahu through funding from the United States Department of Energy and is administered through the State of Hawaii Office of Community Services.

## What are the benefits?

- Education for participants in energy efficiency practices.
- Free in-home assessment by qualified staff to evaluate and recommend specific energy saving measures.
- Qualifying households will receive replacement energy-saving devices/ appliances at no cost. Some energy-saving devices may include: a solar water heating system or a hybrid water heater; a small room air conditioner; low-flow showerheads; low-faucet aerators.

## Who is Eligible?

You may qualify for the Weatherization Assistance Program:

- If you or a household member receives Supplemental Security Income (SSI) or Temporary Assistance for Needy Families (TANF), participates in a HUD program, and/or qualifies for the Low-Income Home Energy Assistance Program (LIHEAP), you are automatically eligible.
- You may also be eligible if your total household income falls within the federally established guidelines for this program.
- Preference is given to the elderly (60 and older), persons with disabilities, and families with children (under 19).

## Locations

HCAP accepts WAP applications on an ongoing basis. For more information or to apply, please contact the HCAP District Service Center nearest your community.
